I am grateful for this opportunity to express my sincere appreciation for the overwhelming level of support demonstrated by Milford Regional Medical Center’s generous donors and friends. At a time when many community hospitals are struggling to maintain their autonomy in today’s challenging healthcare environment, Milford Regional continues to thrive, grow, expand, and carry out our mission to provide exceptional healthcare services to our community with dignity, compassion, and respect.

Our long-standing success as a strong, vibrant community resource is a direct result of the partnerships we have established with individuals, groups, and other organizations that recognize and appreciate the value of community-based care. We are fortunate to have a remarkably talented and dedicated team of physicians, nurses, allied health professionals, support staff, and employees whose capacity for putting our patients first is unsurpassed. Our partnerships with Dana-Farber Cancer Institute, Brigham and Women’s Hospital, Boston Children’s Hospital, and UMass Memorial Medical Center bring high quality specialty services to our community setting and set the stage for seamless transitions to and from the most appropriate levels of care. Our relationships with local police departments, fire departments, city and town officials, and other agencies bring the best of the best together to address critical community needs.

Community involvement has been at the root of every major achievement at Milford Regional Medical Center. When a need is identified, members of our community never fail to rise to the challenge and find a way to meet it. The most recent example of this impressive show of collaboration, camaraderie, and solidarity is the Meehan Family Pavilion. When the need to build a state-of-the-art facility to provide highly technical emergency, intensive care, and inpatient services in a comfortable, attractive setting became clear, you made the vision a reality by raising an unprecedented $25 million through the Excellence Campaign. There are no words to describe the powerful impact our donors have had.

With the opening of the Meehan Family Pavilion come additional opportunities for us to improve access to care in the communities we serve. We are relocating a number of services to the spaces previously occupied by those now located in the new building, and we have opened three new urgent care centers in Hopkinton, Milford, and Northbridge. We have come a long way, and I look forward to continuing the journey. With such loyal and driven supporters by our side, I feel confident that Milford Regional Medical Center’s future is bright. Thank you!

Sincerely,

Edward J. Kelly
President and Chief Executive Officer
Milford Regional Medical Center

There has been much to celebrate at Milford Regional Medical Center over the past two years, from moving essential services into the Meehan Family Pavilion, to opening three urgent care centers in key locations within our service area, to carrying out plans to further enhance the programs and services most needed by the people who depend on us. We continue to focus on patient safety and quality initiatives while striving to achieve greater efficiencies. We’ve engaged a senior physician consultant to assist in optimizing our exceptional medical staff’s ability to advance patient care. There is a lot going on, and there is never a dull day!

We rely on the Milford Regional Healthcare Foundation and all of the incredible people who so generously support the Medical Center at every turn. You are essential to meeting our goals, achieving our successes, addressing the expanding needs of the community, and improving the health and well-being of individuals and families across the region.

In my role as Chair of the Board of Trustees, I am uniquely privileged to work with and get to know so many people who contribute so much – their time, their talents, their knowledge, their wisdom, and their resources. Together, we are keeping our finger on the pulse of what the community needs and doing whatever is necessary to meet those needs. Although the healthcare landscape sometimes appears to be in a constant state of flux, one thing remains consistent at Milford Regional – our supporters’ selfless commitment to ensuring access to high-quality care for everyone in the community.

To all involved in our Milford Regional Healthcare Foundation community – whether volunteers, Board members, affiliated physicians, professional staff members, 1903 Society members, or other charitable donors – thank you so very much for all you have done and continue to do to make Milford Regional Medical Center a place where exceptional healthcare services are provided to our community with dignity, compassion, and respect!

Very truly yours,

Robert L. Kilroy
Chair, Milford Regional Medical Center Board of Trustees
Dear Friends,

It has been another phenomenal year for the Milford Regional Healthcare Foundation’s dedicated family of donors, clinical staff, employees, trustees, volunteers, and clinical and community partners.

As we reflect on all that has been achieved as a result of your shared vision of providing high-quality healthcare for our community and in our community, we feel a tremendous level of gratitude and pride.

This year, a total of $2,930,240 was contributed by more than 2,200 generous donors to support a wide variety of Milford Regional programs, services, and initiatives. We celebrated the 28th annual Milford Regional Medical Center Golf Classic and the MyFM 101.3 & WMRC 1490 10th Annual Radiothon on August 28 at Franklin Country Club. The Golf Classic raised more than $250,000 earmarked for the Excellence Campaign, and Radiothon proceeds dedicated to supporting the Oliva Fund for Cancer Care at Milford Regional Medical Center surpassed $91,000. Once again, the Mélange Gala and Live Auction proved to be the black-tie event of the region. More than 300 supporters enjoyed the event on October 28 at Whitinsville Christian School, and raised more than $670,000 the second largest fundraising year for the signature event.

It is hard to believe that two years have passed since the Meehan Family Pavilion at Milford Regional Medical Center opened its doors — a historic achievement made possible thanks to all who generously participated in our remarkably successful $25 million Excellence Campaign. How fortunate we are to be part of a community so dedicated to ensuring Milford Regional’s ability to meet the expanding healthcare needs of individuals and families across the region. We thank each and every one of you for your unwavering commitment, and we look forward to continuing to work together to ensure that Milford Regional will continue to serve the community for generations to come.

With much gratitude,

Emily J. Quinn
Vice President of Philanthropy
Milford Regional Medical Center

David M. Price
Chair, Milford Regional Healthcare Foundation Board of Trustees

Community involvement has been at the root of every major achievement at Milford Regional Medical Center. When a need is identified, members of our community never fail to rise to the challenge and find a way to meet it.

- Edward J. Kelly
We appreciate the value of our community hospital and all of the benefits it brings. Our families and employees rely on the Medical Center’s resources.

- Anthony Consigli

Anthony and Matthew Consigli
Community involvement is integral to the Consigli legacy.

“Our family has had an impactful connection with Milford Regional for more than a century,” says Anthony Consigli, CEO of Consigli Construction Co., Inc. (Consigli). “We appreciate the value of our community hospital and all of the benefits it brings. Our families and employees rely on the Medical Center’s resources.”

Anthony and his brother Matthew are the fourth generation to take the helm at Milford-based Consigli. The business was established by their great-grandfather in 1905, just two years after Milford Regional Medical Center first opened its doors. Community involvement is integral to the Consigli legacy. The company established the Consigli Foundation in 2001 to advance the health, education, and well-being of disadvantaged children in the community. The company’s leaders and employees also support a variety of local and international charitable causes.

Anthony and Matthew regularly attend Milford Regional’s annual Mélange Gala and Annual Meeting, and generously support the Excellence Campaign, the Golf Classic, and other fundraising initiatives. Anthony served on Milford Regional’s Adolescent Health Committee and Meehan Family Pavilion Building Committee, and says, “The new building was a great team accomplishment. Everyone focused on doing what was best for the hospital and the project.” He is also a member of the 1903 Society and a former trustee of the Milford Regional Healthcare Foundation.

Consigli has partnered with Milford Regional on many improvements over the years, including the Hill Health Center, the surgical suite expansion, the Dana-Farber Cancer Center, the Emergency Department renovation, and the Meehan Family Pavilion. “I’ve had the benefit of working with a lot of hospitals, and I treasure how special Milford Regional really is,” Anthony says. “It’s a wonderful resource and a central part of our community.”
Reynold Dahl, MD, a physician at Blackstone Valley Family Physicians, and his wife Wendy Dahl, LMFT, formerly a licensed marriage and family therapist at Riverside Community Care, moved to the Whitinsville/Northbridge community in 1985. For more than three decades, their relationship with Milford Regional Medical Center has touched many lives in many ways.

“The relationship with Milford Regional is very collaborative,” says Dr. Dahl. “We’re always assured that they’ll be supportive of every endeavor aimed at improving the community’s health and well-being.”

Dr. Dahl recalls working with the Medical Center in 2000 to set up the Blackstone Valley Free Medical Program – through which Milford Regional provided laboratory, x-ray, and other testing free of charge. “It was a huge benefit to the community and continued for 15 years until the state-wide health care program was established,” he says. He also notes the Medical Center’s support when he travelled to Haiti following the 2010 earthquake, saying, “They provided everything we needed. We were able to bring 2000 pounds of medical supplies.”

Dr. Dahl also appreciates the Medical Center’s commitment to developing programs and services to meet the needs of the local community. “Together, we’ve built on our foundation over the past 30 years,” Dr. Dahl says. “Tri-County Medical Associates and Milford Regional Medical Center have expanded our practice to include six family physicians, a nurse practitioner, and a physician assistant. They’ve also improved access to care by bringing family medicine, urgent care, obstetrics and gynecology, pediatrics, rehabilitation services, occupational health, laboratory services, and radiology to one convenient location.”

“Tri-county Medical Associates and Milford Regional Medical Center have expanded our practice to include six family physicians, a nurse practitioner, and a physician assistant. They’ve also improved access to care by bringing family medicine, urgent care, obstetrics and gynecology, pediatrics, rehabilitation services, occupational health, laboratory services, and radiology to one convenient location.”

- Reynold Dahl, MD
Milford Regional not only cares for residents of our communities at the Medical Center, it extends its services and outreach efforts to people throughout the entire tri-county area – people who may not otherwise have access to high-quality care. What we have here is very special.

- Gordon Lewis

Hopedale native Gordon Lewis and his wife Robin say Milford Regional Medical Center has been a part of their lives for a long time. “We both grew up in the Milford area,” Gordon says. “Robin and I married young and raised our two sons here. Now we are grandparents of two boys and a girl.”

Gordon, a partner with Milford-based Altman & Company, LLC, is treasurer of the Milford Regional Medical Center Board of Trustees, chair of the Finance and Investment Committees, and a member of the Audit Committee. Gordon and Robin are also members of the Milford Regional Healthcare Foundation 1903 Society and are generous supporters of the Excellence Campaign.

The couple’s active engagement with the Medical Center began in the late 1980s, when Gordon was approached by the Foundation to help initiate the Milford Regional Annual Golf Classic. The goal was to raise $10,000 to $15,000 that first year. The inaugural event actually raised more than $40,000. Twenty-eight years later, the Golf Classic and concurrent WMRC Radiothon raise more than $300,000 per year to support programs and services at the Medical Center. Gordon has continued to support the Classic, and says, “It’s a pretty special event, and a great opportunity to give my family early exposure to volunteering and being a part of the community.”

“Supporting Milford Regional Medical Center is all about believing in something that does a lot for a lot of people,” says Gordon. “Milford Regional not only cares for residents of our communities at the Medical Center, it extends its services and outreach efforts to people throughout the entire tri-county area – people who may not otherwise have access to high-quality care. What we have here is very special.”

Gordon and Robin Lewis

What we have here is very special.

- Gordon Lewis
Laura and Marc Mann appreciate Milford Regional Medical Center as more than a great place to receive medical care. “Milford Regional has such a far-reaching impact,” Laura says. “It’s a nonprofit community hospital, community employer, and community resource that brings a wealth of programs and services that benefit so many people.”

“I’m a Milford native, so the Medical Center has always been here for me,” says Marc. “In fact, my father used to live four houses away from what is now the Meehan Family Pavilion.”

Laura’s introduction to the Medical Center coincided with the births of the couple’s two children in the early 90s. “We were so impressed with Milford Regional that we wanted to become more involved,” Laura notes. Marc agrees, saying, “We were all in.”

Both Laura and Marc serve as corporators at Milford Regional. Laura, who practices law in Milford, also serves as clerk on the Milford Regional Medical Center Board of Trustees and is a member of the Milford Regional Healthcare Foundation Board of Trustees. In addition to participating in the Excellence Campaign, the Manns are avid supporters of the Foundation’s Mélange Gala and fundraising events.

“Milford Regional is about community in every sense of the word,” says Laura. “In addition to having remarkably dedicated and exceptionally qualified caregivers who deliver high-quality care, the Medical Center brings opportunities for members of the community to learn about their health, helps young people develop job skills, partners with local schools and other organizations, and reaches out to vulnerable populations. As a not-for-profit organization, the Medical Center supports the community on many levels, but can’t do it alone. That’s why it’s important for the community to support Milford Regional.”

-Laura Mann, Esq.
Monticello Regional Healthcare Foundation is fortunate to have a select group of supporters who make generous gifts every year through their unrestricted and designated giving, which are used for the highest priority needs at the Medical Center. The 1903 Society has been created to recognize supporters who give $1,000 or more each year. Donors are recognized for total giving between October 1, 2016 and September 30, 2017.

The Fine Arts and Athletic Facilities at Whitinsville Christian School provided the perfect backdrop for a memorable evening for the more than 300 guests who attended the 13th annual Mélange Gala and Live Auction – A Musical Journey! Held on Saturday, October 28, the event held true to its leitmotif as guests were greeted by living statues of Jimmy Hendrix and a jazz trio, an impeccable Elton John impersonator, and upbeat melodies as they entered the musical themed setting for signature cocktails and a silent auction.

Dinner, remarks, and a spirited live auction by Paul Zeles of The Zelos Group took place in the vibrantly decorated ballroom while guests enjoyed the energetic musical entertainment of The Blackstone Valley String Quartet, Encore Vocal Ensemble, and Freestyle. The event raised more than $670,000 thanks to the generous support of event co-chairs Andrew and Julie Salmon, presenting sponsor UniBank, sponsors, guests, volunteer organizing committee, Milford Regional Medical Center Board of Trustees, and Milford Regional Healthcare Foundation Board of Trustees.

180 golfers took to the course at Franklin Country Club on August 28 for the 28th annual Milford Regional Golf Classic. With amazing weather, enthusiastic players, volunteer “Gilmore Girls & Guys” golf marshalls, and enticing refreshments courtesy of DuBois Donuts, Olives’ Market, and Sodexo, a fantastic day was had by all! We kindly extend our sincere gratitude and thanks to the Golf Classic’s participants, sponsors, volunteers, and committee whose collective efforts raised over $250,000 in support of Milford Regional.

The collective efforts raised over $250,000 in support of Milford Regional.
The 10th Annual Radiothon presented by MyFM Media, MyFM 101.3 and WMRC 1490AM, had a banner year, raising more than $91,000 to support the Oliva Fund for Cancer Care at Milford Regional Medical Center.

Held simultaneously with the Milford Regional annual Golf Classic, the Radiothon extends a unique opportunity to the community to support local individuals and families facing challenges that accompany a cancer diagnosis. More than a single-day event, the Radiothon inspires donors with on-air interviews and a Town Crier envelope appeal. Many thanks to MyFM Media and to the Radiothon sponsors and donors for making the event such a tremendous success.

The Oliva Fund for Cancer Care was established in honor of Milford’s Oliva Family for their ongoing commitment and generous support of Milford Regional Medical Center and the Milford Regional Healthcare Foundation. The Oliva Fund provides the necessary resources in support of patients and their families being cared for at Milford Regional Medical Center and Dana-Farber/Brigham & Women’s Cancer Center and Milford Regional.

For more information, please call 508-422-2228 or visit foundation.milfordregional.org

Those who gave to the Oliva Fund for Cancer Care in fiscal year 2017 are listed in the Donor Listing.

On April 28, 2017, Corporator and Milford Regional Healthcare Foundation Trustee, Tony Khoury hosted a community fundraising event - Saturday Night Live on Friday in Bellingham: Joey and Maria’s Wedding. The successful event raised $20,000 directed to the Oliva Fund for Cancer Care at Milford Regional Medical Center.
How fortunate we are to be part of a community so dedicated to ensuring Milford Regional’s ability to meet the expanding healthcare needs of individuals and families across the region.

- Emily J. Quinn
The following list graciously recognizes those generous volunteers. In fiscal year 2017, 275 volunteers gave over 34,000 hours to provide a wide range of invaluable services across many departments. The Milford Regional Medical Center Auxiliary serves the Medical Center through programs of education, community service, public relations of volunteer services, and fundraising events. In fiscal year 2017, 69 Auxiliary members raised over $55,000 in support of the Medical Center.
